

# THE LORD'S UNIVERSAL COLLEGE OF EDUCATION

## Value Added Courses

The institution offers value added courses like, YOGA training, certificate course, street play training etc. which are well researched by using need analysis, and testing students' achievement levels through feedback and achievement tests so as to keep the scope open for further improvement. The upcoming value-added courses are: - Choreography - Vermicomposting - Using Canva Application - Drama - Self-defense

**Value Added Course:** LUCE had organised the following Value-Added Certificate Courses for S.Y.B.Ed. students. The 20 hours courses started on 2<sup>nd</sup> January 2023 and continued till February end. Dr. Savita Manchekar was the convener of these courses. Dr. Malavika Ahlawat was the coordinator of these courses. In each value-added course LUCE faculty administered pre-test and post-test to see the effectiveness of the course.

**a) Capacity building in Paper Arts and Crafts:** This course was developed and managed by Dr. Sunita Shah. The course objectives were to acquire the skill of Paper Art & craft, understand different types of paper Art & craft, and create different Paper Art & craft models in teaching school subjects. The participants of the course made various teaching resources like popups - heart, digestive system, Harapan civilization, quilling- cell structure etc.

**Basic Counselling Skills in Teaching:** This course developed and conducted by Mrs. Meenakshi Thakkar, the resource person. The course handles various content such as Changing role of Teachers, Self-Awareness, Understanding and Managing Emotions, Basics of Counselling, Inclusive classrooms and Behaviour Modification.

**Competence in Effective Communicative English:** Dr. Asha A.K. was the resource person for the course. She has developed the modules for the course. The students who lack good communicative skills were selected for the course. The course focused on developing the skills of speaking. Various activities were conducted which ensured that students get enough opportunities to speak in front of their friends in English, alleviate fear and develop confidence.
