of Education**  
**Smt. Sabiha More**  
**Smt. Vaishali Dhaware**  
**Dr. Pradnya Bhosekar**

# ABOUT US

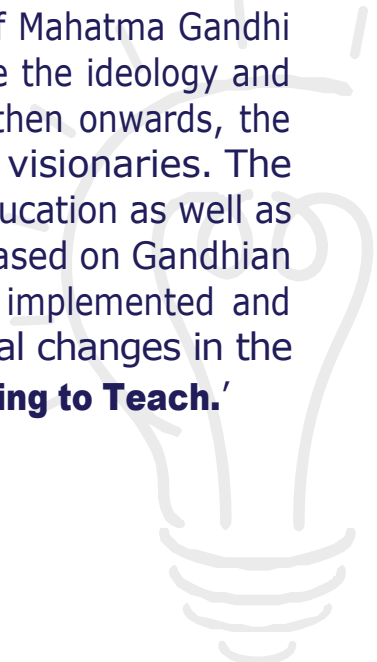

## **We, The Lord's Universal College of Education...**

Under the aegis of Vidya Vikas Trust, and under the proficient leadership of our Honourable Chairperson and great visionary Mr. Jesus Lall, who has established his mark in the education world by the name of Universal Education, The Lords's Universal College of Education functions to realise Sir's futuristic vision of **REAL** that is '**Redefining Education and Learning**'

We are a huge family of Educational Institutions ranging from KG to PG with the inspiration of providing quality education to our student community. In line with this foresight, we are on the mission of creating teachers who can balance well between technology and humane values. In this direction, the Institution strives to provide training on ICT-based instructions as well as giving opportunities for developing soft skills and inculcating values like decision making, communication skills, rational and logical thinking, empathy, sincerity, sensitivity, etc. Such training of teachers would enable them to cater to the needs of their students efficiently and make them emotionally stronger and stable in order to ensure that these future citizens can contribute to the progress of our society.

## **We, The Smt. Surajba College of Education...**

Late Shri Vajubhai Patel and Late Smt. Leelaben Patel and other like-minded thinkers started **Gandhi Shikshan Bhavan's Smt. Surajba College of Education**, conducted by Indian Council of Basic Education, in the birth centenary year of Mahatma Gandhi in 1969. Its purpose has been to examine, interpret and propagate the ideology and methods of Basic Education in both rural and urban areas. From then onwards, the successors have endeavored to fulfil the goal of these great visionaries. The institution is truly committed, devoted & dedicated to teacher-education as well as school education. Most of the programmes organised here are based on Gandhian principles and values. They are designed, equipped, interwoven, implemented and integrated keeping in mind the need to bring about behavioural changes in the learner. The Motto of the college is '**Teaching to Learn**' and '**Learning to Teach.**'

# CONCEPT NOTE

The new era of education has ushered in with the drafting of the **National Education Policy (NEP)** in the year 2020 which has led to a paradigm shift in the approach of teaching learning. This has compelled educational institutions to change the conventional ways of thinking and operating in the context of treating the subjects and learners and the overall approach to providing education to them.

One of the very significant objectives of **NEP** is to create **innovative and critical thinkers**. The focus of this objective has many aspects to be considered while training the pre-service teachers.

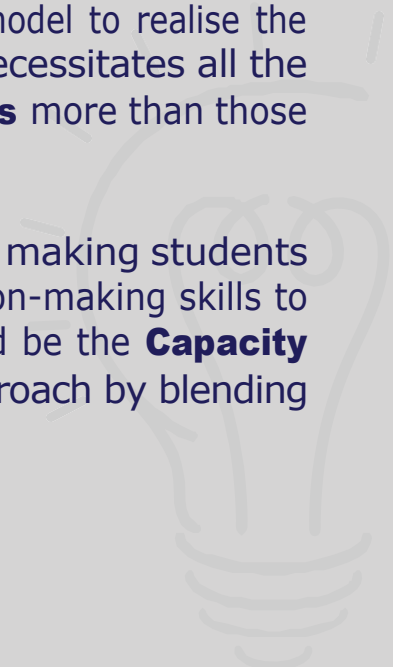

The first and foremost direction that **NEP** has given is to pave the way for self-learning beginning from their foundation courses onwards by providing opportunities to the children to their innate potential capabilities through **active learning**. This necessitates the educational Institutions to adapt the diagnostic and remedial approach throughout.

**Self-learning** is possible and feasible only when children are interested and look forward to active learning. The interest is generated when they are thrown with some challenging tasks to explore and find solutions to the contextual situation that takes them to connect with the content from the prescribed syllabus.

This further leads to the development of **higher-order thinking skills** that result in the indulgence in critical and creative thought processes.

Bloom's Taxonomy of **Higher Order Thinking** model in the Cognitive, Affective, and Psychomotor Domain should prove as the dependable learning model to realise the aforementioned objectives of Independent learning. This necessitates all the Teacher Education Institutions at all levels to create **facilitators** more than those teachers who just teach.

**NEP** has suggested active methods to be widely practiced, making students accountable for their own learning and developing good decision-making skills to be applied in life situations. The crux of the e-workshop would be the **Capacity Building** in developing the lesson plan using a Systems Approach by blending **Bloom's Taxonomy** and **Constructivist Approach**.

The present proposed National Level e-workshop is a step forward for training the aspiring participants at all levels to apply the methods and strategies using the **Constructivist approach** to facilitate students' directional self-learning. The e-workshop proposes to orient the participants on the theoretical and conceptual bases and provide with the opportunity to get hands-on experience.

The organising Institutes have delimited the workshop by selecting following methods and strategies based on the Constructivist approach. The experts from different parts of India would be briefing the participants about NEP's views and suggestions on active self-learning and also orienting on these methods in line with the recommendations. This would be followed by hands-on learning experience in groups to critically understand the process of methods and writing the lesson plan.

Later, the participants would make the lesson plan individually under the guidance and implement it at their respective workplaces.

The participants who wish to write an article on their experience right from the training till executing the lesson plan in the classroom would be guided to pen down their reflections in a particular format. Their papers will be published in the journal with the ISBN tag. (with extra publishing charges)

The participants who are not interested in publishing their articles, the organisation would collect their lesson plans, refine and compile all of them (excluding the lesson plans of the participants who want the paper to be published) in the form of an e-book and would share with all the participants along with the certificates.

# PARTICIPATION

## Area of the working of the participants:

**Participants can select any one of the following methods for designing their lesson plans:**

- Problem-based learning method
- Role based learning method
- Experiential learning method

## The learning outcomes of the Workshop:

**The participants will be able to...**

- Develop the Lesson plans using a Constructivist Approach in their respective subjects.
- Implement it at their workplace.
- Reflect on their experience.

## Who can participate?

Teacher educators, School teachers at all levels, College teachers, Teaching faculty at any different disciplines too can participate.

# PROGRAMME SCHEDULE

## Bird's Eye View of the entire workshop :

The entire training will be of 30 hours duration as reflected in the following table :

Nature of the Workshop	Session Description	Time Duration
<b>Day 1 : 1<sup>st</sup> December 2023</b>		
<b>On Virtual Campus</b>	<b>Session I - Session IV</b> Orientation Group work Presentation	<b>7 Hours</b>
<b>Day 2 : 2<sup>nd</sup> December 2023</b>		
<b>On Virtual Campus (Synchronous Mode )</b>	<b>Session V - Session VIII</b> Orientation Group work Presentation	<b>7 Hours</b>
<b>Off Campus ( Field work at individual level)</b>	Lesson plan preparation	<b>8 hours</b>
	Online guidance/mentoring for refinement	<b>3 Hours</b>
<b>(Between 4th to 14th December 2023)</b>	Implementation in the classroom	<b>2 Hours</b>
	Writing reflection and submission	<b>3 Hours</b>
<b>Total Duration</b>		<b>30 Hours</b>
<b>Submission of Lesson Plan</b>	<b>18<sup>th</sup> December 2023</b>	
<b>Submission of the Article</b>	<b>22<sup>nd</sup> December 2023</b>	
<b>Please Note :</b> e-Certificates will be issued to the participants after the submission of the lesson plan/article.		

## Programme Schedule of the two day e- training :

Date: 1st & 2nd December 2023 | Time: 10:00 pm - 4:00 pm

Day 1		
Time	Description	Resource person
10:30 - 11:00	<b>Inaugural Session</b> Sarva Dharma prayer Welcome address	<b>Dr. Savita Manchekar</b> Head of the Institute The Lord's Universal College of Education
